Cancellation after completing 60% of the course will result in no refund.

Financial Aid and Private Loan

College of Southern California does not participate in federal or state financial aid Program, and does not offer financial aid.

If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

If the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

- (1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- (2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

Notice of Student Rights to Cancel

The student has a right to cancel the agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later, as described in the Notice of Cancellation form that will be given to you on the first day of class.

Read the Notice of Cancellation form for an explanation of your cancellation rights and responsibilities. If you have lost your Notice of Cancellation form, ask the school for a sample copy.

After the end of the cancellation period, you have the right to stop attending school at any time and receive a refund for the portion of the course not taken. Your refund rights are described in the Enrollment Agreement. If you have lost your Enrollment Agreement, ask the school for a description of the refund policy. See the Cancellation and Refund policy section for more information.

If the school closes before you graduate, you may be entitled to a refund. Contact the California State Department of Consumer Affairs, Bureau for Private Postsecondary Education, by calling (888)370-7589 or Web site www.bppe.ca.gov.

Retention of Student record

The school retains physical student records for a minimum of five years from date of completion or withdrawal. Transcripts and digital copies of student records are kept permanently under safe storage.

The school will maintain an access list which includes the identity of persons who have requested and have been denied or who have had access to student records, the dates of said requests, and the reasons for such access. The access list is not required of school personnel.

Complaint/Grievance Procedure

From time to time, differences in interpretation of school policies will arise among students, faculty, and/or the administration. We suggest to student to do this to exhaust the institutions grievance procedure before filing a complaint with BPPE. When such differences arise, usually in miscommunication or misunderstanding is a major contributing factor. For this reason, we urge both students and staff to communicate any problems that arise directly to the individual(s) involved. If the problem cannot be

resolved in this manner, the Director of the School should be contacted. Normally, the informal procedure of "discussing" the difference will resolve the problem.

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 toll-free or by completing a complaint form, which can be obtained on the bureau's internet web site www.bppe.ca.gov.
